

Ductwork - Rectangular

All ductwork is manufactured to HVCA DW/144 specification.

As standard all ductwork is finished hot dipped galvanised to BS:EN10142:1991.

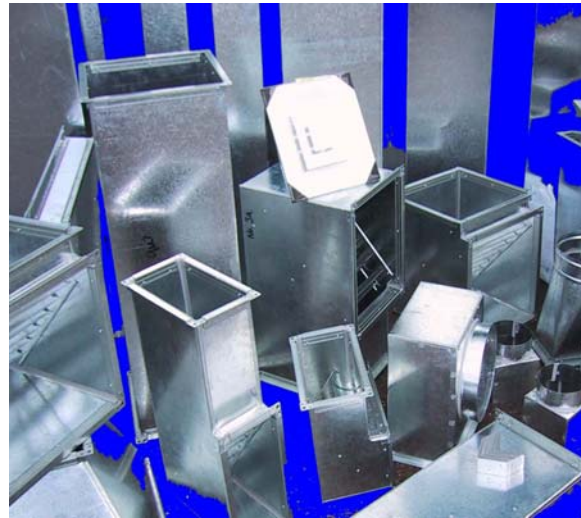

We also manufacture from;

Mild Steel BS:EN10130:1991

Stainless Steel BS1449:Part 2 304 &
316 Grade

Pre-coated Steel

Aluminium BS:EN485, 515, 573 & 755

Please specify the ductwork classification when ordering;

- | | |
|-----------------|---------|
| Low Pressure | Class A |
| Medium Pressure | Class B |
| High Pressure | Class C |

All Joints, stiffeners, sealants and fastenings shall comply with the DW144 specification.

90 deg Bends shall normally be square with air turn unless you specify Radius Bends.

All patterns are designed using Cad/Cam technology and profiled on a 2 axis Plasma flat bed machine.
